Meeting Prep — Albany Technical College · 82000-eRFQ-002118-2027

RYDC Building Abatement (demolition, asbestos removal & cleanup)

When: Tue Oct 27, 2026 · 9:00 AM ET — **MANDATORY** pre-bid conference + site visit
Where: Campus Operations Building – Truck Driving Classroom, 2700 Newton Rd, Albany, GA 31701 (~3 hr drive; leave Jonesboro by ~5:30 AM)
Status: MANDATORY — missing it makes Cascade ineligible. Assigned: Unassigned (assign today).

Verified facts & scope

- eRFQ issued by TCSG for Albany Tech; one-time service, one supplier, for **demolition and asbestos removal and cleanup of the RYDC Building**, Albany Campus, 1704 Slappey Blvd. GPR
- Electronic responses only via GA@Work (Team Georgia Marketplace) — supplier registration required; due **Fri Nov 20, 5:00 PM ET**. DOAS help desk 404-657-6000. GPR
- NIGP 91040 (asbestos removal/monitoring) and 91240 (demolition). GPR
- Question deadline **Fri Nov 6, 5:00 PM ET**, written to the contracting officer. ConstructConnect UNVERIFIED — confirm in eRFQ.
- Estimated value **$900,000**; start date Dec 21, 2026; scope incl. site work. ConstructConnect UNVERIFIED (aggregator, not TCSG).
- Bid bond / DBE goals: not stated in public notice UNVERIFIED — read eRFQ instructions + bid specification on GA@Work.

People likely present

Obia Fuller	Senior Procurement Officer, TCSG (1800 Century Pl NE, Ste 550, Atlanta) — ofuller@tcsg.edu, (404) 679-1619 GPR · title
Michael Alligood	Director of Facilities, Albany Tech — likely host/requesting dept UNVERIFIED for attendance ATC directory
Tanya Collins	Facilities Coordinator, Albany Tech — attendance UNVERIFIED ATC directory
Kathy Skates	VP Administrative Services & CFO — approver, unlikely present UNVERIFIED ATC directory
Dr. Emmett L. Griswold	President, Albany Tech — final authority, not expected at pre-bid source

Who you'll meet — background & conversation openers

No verified photo

No verified photo — TCSG directory shows 'No Photo Available'.

Obia Fuller

Senior Procurement Officer, TCSG Office of Administrative Services

Background

- Senior Procurement Officer, TCSG System Office (Atlanta); contracting officer for this eRFQ. source
- Handles eRFQs across TCSG colleges statewide (e.g. Columbus Tech purchase, 2026). source

Conversation openers

- Thank them for running a clear eRFQ; ask about common GA@Work submission errors and bond format preferences. source
- Mention Cascade wants to bid other TCSG campus projects — ask how best to watch for them.
- Interests/alma mater: none found publicly — UNVERIFIED.

Photo: albanytech.edu

Michael Alligood

Facilities Director, Albany Technical College (Campus Operations)

Background

- Facilities Director, Campus Operations; malligood@albanytech.edu, (229) 430-0415. source
- Likely host of the pre-bid and owner of the RYDC project on the college side — UNVERIFIED.

Conversation openers

- Ask about the college's campus plans for the RYDC site after demolition (new use / parking?).
- Facility-manager rapport: ask what made past campus contractors easy to work with (communication, cleanliness, schedule).
- No public hobbies/awards found — UNVERIFIED.

Photo: albanytech.edu

Tanya Collins

Facilities Coordinator, Albany Technical College

Background

- Facilities Coordinator, Facilities Maintenance Building; (229) 420-3064. source
- A public LinkedIn profile under this name lists a B.A.Sc. (Marketing Psychology) from Argosy University Atlanta and prior work at The Home Depot — UNVERIFIED match (profile shows Morrow, GA; no Albany Tech link seen). source

Conversation openers

- She likely coordinates logistics (access, parking, keys) — ask her the best contact for site access during the bid period.
- Only if she brings it up: retail/merchandising background (UNVERIFIED match). source

Talking points for Cascade

- Cascade self-performs both halves of this scope (asbestos abatement + demolition) — SDVOSB, DBE, 17+ years, Georgia-based.
- Experience with public/state-agency work, EPD notifications, licensed supervisors, air clearance and disposal manifests.
- Can mobilize from Jonesboro for a Dec 21 start; propose realistic duration once survey quantities are known.

- Courteous: introduce yourselves to Obia Fuller, sign the attendance sheet clearly with company name exactly as registered in GA@Work.

Questions to raise

1. Is there a current asbestos/lead survey report for the RYDC Building (and is it in the bid spec)? Quantities to price against?
2. Building size, construction type, stories, basement? Any other hazmat (lead paint, PCB ballasts, mercury, mold, USTs)?
3. Limits of demolition: slab, footings, utilities, paving; final grade / seed / stabilization?
4. Utility shut-off and cap responsibility; any operating campus buildings/traffic nearby to protect?
5. Required start/completion and liquidated damages? Work hours on campus?
6. Bid bond, performance & payment bonds, insurance limits? Any SBE/DBE/veteran preference?
7. Who hires the third-party air monitor / consultant? Salvage rights to scrap metal?
8. Will attendance list, Q&A and addenda be posted to GA@Work?

Teaming angles

- Southwest GA demo/hauling firms may attend without abatement licenses — Cascade can sub the abatement or prime with a local hauler to cut trucking cost.
- Note other attendees (mandatory list = the full bidder field).
- Pricing angle: local landfill/C&D disposal sources around Albany reduce haul cost — scout during the visit.

Prepared Oct 25, 2026 for Cascade Services Company Inc. (SDVOSB · DBE · Jonesboro, GA) from public sources linked above. Items marked UNVERIFIED come from aggregators or inference — confirm against the official solicitation and addenda. Follow the solicitation's contact rules (no lobbying outside the designated buyer/portal).
