Meeting Prep — Fulton County Schools · IFB No. 404-27

Abatement and Demolition at Multiple Locations

When: Mon Oct 26, 2026 · 10:00 AM ET (pre-bid conference, then site visit)
Where: Westlake High School Information Technology Center, 2370 Union Rd, Atlanta, GA 30331
Status: Attendance OPTIONAL per GPR (strongly recommended). Assigned: RJ & CJ (to confirm).

Verified facts & scope

- Competitive sealed bid; bids due **Tue Nov 17, 2:30 PM ET** via Euna Procurement (Bonfire) — fultonschools.bonfirehub.com. source
- Questions only via Bonfire, before **Tue Nov 3, 4:00 PM ET**. source
- **5% bid bond** of lump-sum base bid (surety per General Conditions Art. 5.10); signature page must be returned or bid may be rejected. source
- Scope listed as abatement and demolition of existing buildings at multiple school locations, incl. removal of site features and utilities; NAICS 562910 / 238910. aggregator UNVERIFIED until the IFB package is read on Bonfire.
- Value not published by FCS. UNVERIFIED
- Context: In May 2026 FCS announced a disposition-of-property plan (sell / repurpose / **demolish**) covering former Conley Hills ES, Independence HS, Parklane ES, the **Instructional Technology Center (former Westlake HS)** and Teaching Museums North & South. FCS Board Bulletin 5/6/2026
- Inference UNVERIFIED: the pre-bid venue (former Westlake HS / ITC) and the other disposition buildings are likely among the 'multiple locations'. Confirm site list at the meeting.
- Agency priorities: FCS Capital Program Contracts states its mission is 'timely and cost-effective' construction acquisition through full and open competition. source Capital Plan 2032 (~$1.27B est., ESPLOST-funded; referendum Nov 2026) — Chief Operations Officer Noel Maloof, CFO Marvin Dereef. source

People likely present

Angela R. Young	Executive Director, FCS Capital Program Contracts — signed the IFB announcement; 470-254-8974 source
Anna-Marie Robinson	Buyer contact on GPR — robinsonbera@fultonschools.org, (470) 254-2216 source
Noel Maloof	Chief Operations Officer (presented Capital Plan 2032) — attendance UNVERIFIED source
FCS project manager / design consultant	Typically runs Section 002216 pre-bid — name not public UNVERIFIED

Talking points for Cascade

- Cascade: SDVOSB & DBE, 17+ years of asbestos, lead & mold abatement plus demolition, based in Jonesboro (~20 mi) — one firm for abatement *and* demo, one schedule, one point of accountability.
- School experience: occupied/near-occupied campuses, community notification, after-hours sequencing.
- Bonding ready for the 5% bid bond; GA licensing + EPA/GA EPD asbestos notifications handled in-house.
- Fit with 'timely and cost-effective': self-performed abatement removes a subcontract tier.

Questions to raise

1. Exact list of buildings/sites in scope, and is the former Westlake HS / ITC one of them?
2. Are hazardous-materials surveys (asbestos, lead, PCB, mold, universal waste) complete and in the bid documents? Quantities provided or bidder-verified?
3. Lump-sum per site or one lump sum? Unit prices / allowances for unforeseen ACM?
4. Schedule: required start/finish, phasing by site, any occupancy or school-calendar constraints, work hours?
5. Utility disconnects — by FCS/utility or contractor? Slab/foundation and below-grade removal? Backfill/grading/seeding standard?
6. Air monitoring/third-party industrial hygienist — hired by FCS or contractor?
7. Any MBE/WBE/DBE/SDVOSB participation goals or forms? Salvage rights / recycling requirements?
8. Will the sign-in sheet and minutes be posted as an addendum on Bonfire?

Teaming angles

- Many demo GCs lack in-house abatement: offer to be the abatement sub to large demo bidders, or prime and bring in a demo/hauling partner for multi-site capacity.
- Collect business cards / sign-in sheet for follow-up; note which primes attend.
- If DBE/MBE goals appear, Cascade's DBE certification is a teaming asset for GC primes.

Prepared Oct 25, 2026 for Cascade Services Company Inc. (SDVOSB · DBE · Jonesboro, GA) from public sources linked above. Items marked UNVERIFIED come from aggregators or inference — confirm against the official solicitation and addenda. Follow the solicitation's contact rules (no lobbying outside the designated buyer/portal).
